CRIME PREVENTION/ADVICE

- Since the weather is getting warmer again this can lead to people leaving their windows and doors open, make sure you do not leave these open when you leave your property as this can increase your chances of being Burgled.

This Includes car windows, leaving your car windows open may leave you vulnerable to car thefts and items taken from inside your car. If you would like to keep your car cool, park it out of the sun in shade if available and/or invest in a Screen Reflector reducing the amount of heat your Car takes in.

- Also the warm weather may increase the chances of outdoor activities any equipment you use remember to lock it up or put it away. This includes Sports Equipment, Gardening Equipment Etc.

- Remember to drink lots and wear Sunscreen
