## Neighbourhood Safety Officer (NSO)

A Neighbourhood Safety Officer takes on local area patrolling to provide the first point of contact with residents, businesses and other bodies:

- To increase public confidence and reduce fear of crime
- To prevent and deal with Anti-Social Behaviour (ASB)
- To protect the quality of the local environment.

They carry out Investigations into ASB and environmental crime and use appropriate legislation to produce a public realm that is welcoming to all.

We deal with:

- Fly-tipping;
- Trade Waste
- Highway Obstructions
- Overhanging Vegetation
- Dog Fouling
- Littering
- Graffiti
- Illegal Street Trading
- Anti-Social Behaviour
- Unauthorised Encampments
- Park Bye-Laws

We also monitor the refuse collection, street cleansing, kerbside and neighbourhood recycling services.

We do all of this by working closely with Council Departments, Police, Veolia and other agencies to provide a seamless public service.

NSO's are empowered to enforce legislation in line with local and statutory legislation to deal with Anti-Social Behaviour and environmental offences. They can:

- Request name and address for a fixed penalty notice (FPN) and offences that cause injury, alarm and distress to another person or damage or loss of another's property
- Request name and address of a person acting in an Anti-Social manner
- Confiscate alcohol from any person under the age of 18 years
- Confiscate alcohol from any person in a designated public place
- Confiscate cigarettes and tobacco products from any person under the age of 16 years

NSO's investigate incidents of:

- Anti-Social Behaviour (ASB)
- Environmental crime (which includes):
- Graffiti,
- Littering
- Fly tipping

They also act as professional witnesses gathering evidence, interviewing witnesses and perpetrators and taking statements that can be used as evidence in the courts. In addition they undertake a raft of prevention, intervention and diversion activities.
